NEWS FROM THE DOCKMASTER

You can see lots of activity in the Marina, people coming and going, and all have interesting stories - that's what makes Chula Vista Marina & RV Resort so unique. We have some Mariners sailing their boats great distances and that's really impressive. We're glad you're here, and we will do whatever we can to make your stay as enjoyable as possible.

As the Marina fills up, we need everyone's cooperation with our housekeeping rules, like keeping your things off the dock fingers so everyone has plenty of room to get on and off their boats safely. Please keep your dinghies out of slips that don't belong to you - behind your boat when you're using it is fine, but if you're out in the fairway it's a hazard for other boaters - so please come to the office and we can help with some other options.

Dock Carts: We need some help here, **please** - when you're finished with a cart, bring it back to the nearest gate. We only have so many, and we try to keep them stocked up so when you pull in it's easy to move supplies to your boat.

Parking Lot: If you come to the Marina in a vehicle without a parking decal, come to the office and we will be happy to give you a temporary parking pass. If it's after hours, we can leave it with the security guards and they will get it to you as well.

Hazardous Waste: No gas containers on the dock, **please** keep it on your boat. The only thing we can help with is used oil. We have boxes of absorbing pillows if you need to soak up some bilge material. We have a phone number and address of the Hazardous Waste Dump where you can take it, or try Auto Zone or O'Reilly's Auto Parts.

And the last friendly reminder I will mention is **Dogs:** All pets must be kept on the vessel or on a leash at all times - please pick up after any pet mess left on the dock. If they can't make it up to the park, please borrow the nearest hose and wash the dock after you pick it up - your neighbors will appreciate it.

If you have any questions or concerns, please call the office and we will try and address any issue you may have.

See you on the Docks,

Mike Sullivan, Dockmaster

MYSTERY TRAILER IN OUR PARKING LOT

If this trailer belongs to you, you need to claim it right away and get the proper permit allowing you to temporarily park your trailer in our Lot. This trailer has been cited several times, and if no one claims it within 30 days, it will be towed away. So please, take a moment and contact us if you forgot to get your permit. Thanks.
